

## WOOD SURE OF INDIANA VOTE

Returns Indicate Plurality of 10,000 Over California Senator

INDIANAPOLIS, Ind., May 6.—Major-General Leonard Wood with a total of 51,574 votes apparently is assured of a plurality of almost ten thousand over Senator Hiram W. Johnson, of California, who has 42,432, on the face of unofficial returns from 3,183 precincts out of 3,387 in Indiana in Tuesday's presidential preference primary election. The 204 missing precincts are in fourteen scattered counties of the 92 in the state.

Governor Frank C. Lowden, of Illinois, with a total of 36,682 votes continues in third place, while Senator Warren G. Harding of Ohio is fourth with 19,216.

General Wood, on the face of the returns, has carried nine of the thirteen congressional districts in the state and has a plurality in 53 counties where unofficial reports are complete. Senator Johnson won four congressional districts and 24 counties. Governor Lowden carried three counties and Senator Harding one, Ohio county. Fourteen counties are in doubt.

Interest in Delegation. Marion county (Indianapolis) complete gave Wood a plurality over Johnson of 7,809, while Lake county, in the "Calumet" region has given Johnson a plurality of 5,949 over Wood in 71 out of 99 precincts reporting. In Lake county Johnson has polled 250 per cent more votes than the total of his three opponents.

Interest already has begun to shift to the Republican state convention next Wednesday and Thursday. The question of whether Indiana's 26 delegates to the national convention at Chicago shall go instructed for General Wood because of his plurality or uninstructed transcends all other conversation now at the political headquarters. The state law provides that only a majority of the votes cast is binding on the delegates.

Michigan Democrats Meet. DETROIT, Mich., May 6.—Michigan Democrats were holding conventions in virtually every county in the state today to choose delegates to the state convention at Grand Rapids, May 19. State headquarters would not say whether preference for presidential aspirants would be expressed or not.

Herbert Hoover, an avowed Republican candidate, appeared on both Republican and Democratic tickets in the presidential primary last month and won the Democratic endorsement. District delegates and delegates at large will be named at the Grand Rapids convention.

Favor Beer, Light Wines. NEW HAVEN, Conn., May 6.—Revision of the Volstead act so as to permit the manufacture and sale of beer and light wines, was favored by the Democratic state convention today. A recommendation of the state central committee that the Connecticut delegation to San Francisco be instructed to vote as a unit was rejected.

Plank on Ireland. A plank in relation to Irish affairs was as follows: "We sympathize with the aspiration of the Irish people in the formation of a government of their own choosing, and favor the recognition of the republic of Ireland."

The four delegates at large chosen were David E. Fitzgerald, New Haven, the state chairman; L. J. Spellacy, of Hartford, assistant United States attorney-general; Charles D. Lockwood, of Stamford, and Bryan P. Mahan, of New London. Ten district delegates also were chosen and each will name his alternate.

## Jury Acquits Chinese on 3 Opium Charges

The jury returning a verdict of not guilty in the case of United States versus Wong Jim, a local Chinese, accused on three counts of selling, importing, and using opium. Federal court session closed here late yesterday afternoon.

## Deaths and Funerals

GARNER.—Funeral services for Frederick Garner were held at 2 o'clock Wednesday afternoon at the First ward meeting house with Bishop D. H. Ensign officiating. A quartet composed of Ethel Holbrook, Annie Jensen, Ned Ballantyne and M. Charles Wood sang, "Till the Resurrection Day," "O My Father," and "Sometime We'll Understand." Mrs. Annie Jensen sang "Oh Dry Those Tears." The speakers were Bishop B. E. Crichtow, J. M. Brown, T. S. Brown, Pres. L. W. Shurtliff and Bishop Ensign. There was a large attendance. Interment was made in the city cemetery, where Aaron Jackson dedicated the grave.

BARTHOLOMEW.—Funeral services for Merlin J. Bartholomew were held Wednesday at 1 o'clock in the Slaterville meeting house, with Bishop James Slater conducting. A quartet composed of Mrs. Cora Cowans, Flora Stoke, Jerome Wheeler and Ed. Stokes sang, "My Jesus, as Thou Wilt," "Rest For the Weary Soul," Ed. Sanders sang, "O My Father," Melba Read Jones gave "Resignation." The speakers were Levi J. Taylor, Leander S. Harris, Joseph Ririe, William Barton, Bishop O. M. Sanderson, Frey Foy and Bishop Slater. Interment was made in the Ogden city cemetery with C. J. A. Linquist dedicating the grave.

COULD NOT STAND STRAIGHT. It does not take long, when the kidneys are out of order and not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Bamford, 2505 W. 30 St., Cleveland, O., writes: "I caught cold and it settled in my kidneys. My back and sides were so lame and sore I could not stand straight. I use Foley's Kidney Pills with good results and am glad to testify to their helping power." Sold everywhere—advertisement.

# THE MAB MANUFACTURING COMPANY

25,000

A Utah Corporation, Capitalized for \$150,000  
Offers for immediate sale, solely for expansion purposes.  
—SHARES OF ITS CAPITAL STOCK AT PAR—

\$1.00 PER SHARE

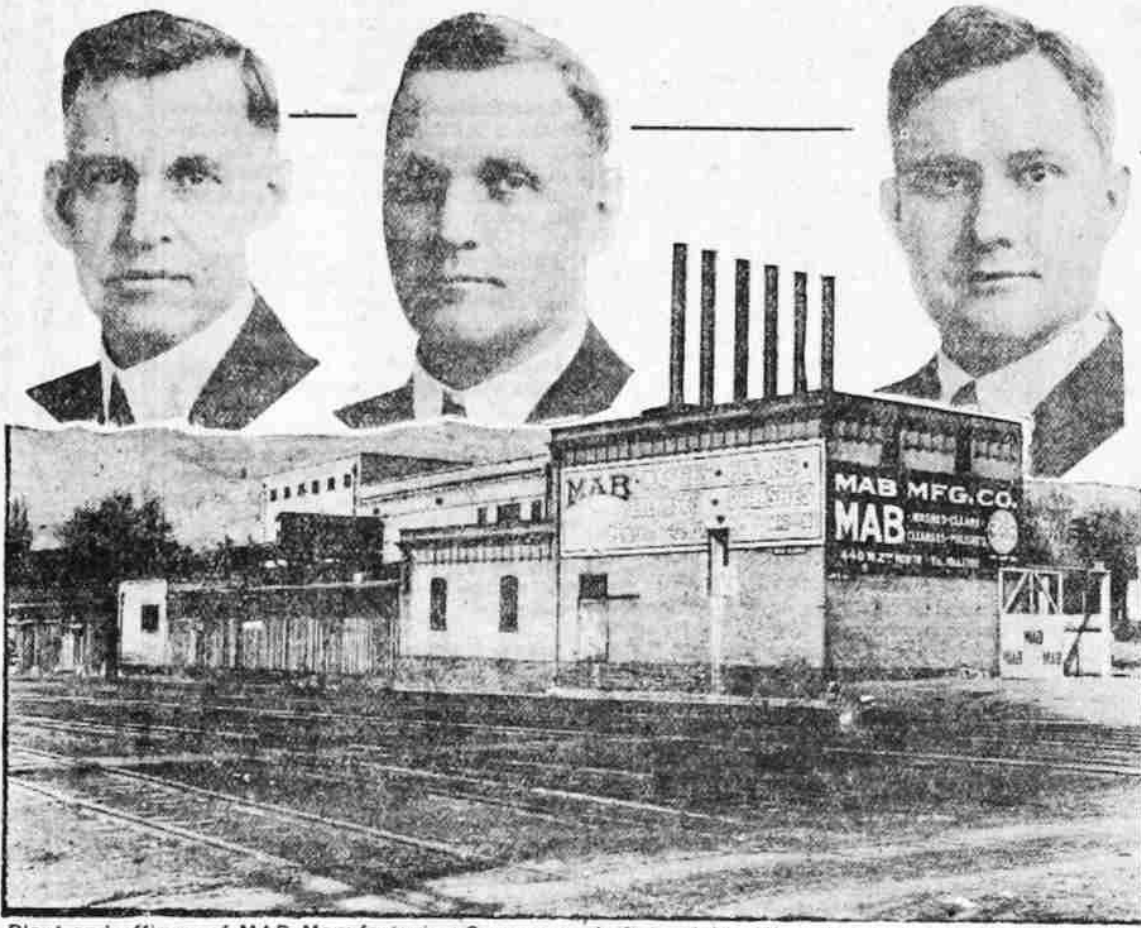

THE MAB MANUFACTURING COMPANY is barely one year old. Starting with nothing but a product of unusual merit it finds itself at the beginning of its second year unable to fill orders now on hand and contracted for, because the equipment at the plant is insufficient to handle the hundreds of orders already placed, and absolutely powerless to take care of new business contracted for until its plant is remodeled and greatly enlarged.

During its first year of existence the Mab Manufacturing Company, under adverse conditions, paid a dividend of 10 per cent, and present indications are that its gross business will be from five to ten times as large for the coming year, thus absolutely assuring a much larger dividend for stockholders.

We are now running to capacity and orders are piling up on us, which must be filled without delay. In order, therefore, to immediately procure and install the additional machinery necessary, we are offering for immediate sale 25,000 shares of capital stock of the company at \$1.00 par. This stock is Common Stock, participates in all earnings of the company, and is non-assessable. A careful consideration of this advertisement in its entirety should convince investors large and small, that the stock of this company offers a rare combination of large financial returns together with absolute safety.

Mr. W. S. Lewis, President  
of the Mab Company, will  
be at the

REED HOTEL, OGDEN  
from 1 p. m. Friday, May 7,  
until 8 p. m. Saturday, May  
8, prepared to give any and  
all information desired.

Plant and officers of MAB Manufacturing Company. Left to right—W. S. Lewis, president; C. C. Seiler, vice president; J. W. McCann, secretary-treasurer.

Only 5000 shares allotted to  
OGDEN

They will go quickly. Salt  
Lake bought heavily—now  
it's Ogden's chance. Be sure  
to see Mr. Lewis at the  
REED HOTEL Friday after-  
noon or any time Saturday,  
May 8, if you want to make  
the one best investment of  
your life.

## MAB To Be Sold All Over The World

Insuring Large and Ever Increasing Dividends for Its Fortunate Stockholders.  
CONTRACT SIGNED WITH LARGEST EXPORTERS IN AMERICA

THE Pacific International Company of Portland, Oregon, admittedly the largest exporters and importers in America, close a contract with the Mab Manufacturing Company on December 22, 1919, whereby it secures the exclusive right to sell "MAB" in the following foreign countries, to-wit: England, France, Spain, Italy, Norway, Sweden, Denmark, Finland, Baltic States, Poland, Holland, Belgium, Germany, European Russia, South America, Japan, India, and such other territory as may be agreed upon from time to time for a period of two years from the date of signing the agreement.

In a letter of the same date as the contract this giant corporation, after congratulating the Mab Manufacturing Company and themselves over the conclusion of this big contract, says:

"As you know, it takes some time to reach our foreign connections with samples, prices, etc., and sometime will elapse naturally before we hear at all from them. However, you may rest assured that we and our representatives will push the sale of your products and do everything to make things come out to our mutual advantage.

"Trusting this will be only the beginning of pleasant business relations with your good selves, we remain,

"Very truly yours,

"PACIFIC INTERNATIONAL COMPANY,

"By J. N. Van Duzen, Export Department."

When a corporation of such prominence takes hold of an article like "MAB" it is conclusive proof of unusual merit. That company does big things, and we expect to be called upon for carload after carload for immediate shipment, and we must be prepared to fill the orders. The profits to be derived from this mammoth contract insure our success if we had no other connections. You may share in these profits by securing a block of MAB stock before it is all taken.

### ANOTHER BIG CONTRACT

ANOTHER big contract that is all but closed and will probably be completed within the next few days calls for a minimum of five carloads of "MAB" per month to be shipped to Chicago and New York for distribution and sale throughout the East. To give names and figures at this time would be injudicious; but the contract is with responsible people of unlimited means, who agree, among other things, to advertise and provide the sales force for "MAB" in order to dispose of the five carloads per month AT THEIR OWN EXPENSE, and also will, if the company so desires, erect additional factories in Chicago and Kansas City for the manufacture of "MAB" under the direct supervision of the officers of the Mab Manufacturing Company.

The profits to be derived from this contract alone would insure at least a 10 per cent dividend on every share of outstanding stock. Don't you agree with us that an opportunity to share in the earnings of such a company is too unusual to pass up? A few dollars invested in "MAB" stock may mean your future independence while "MAB" vastly superior in every way, has no competition and must eventually find its way into every home where there are civilized people.

### WHAT MAB IS

"MAB" is a grease and dirt solvent. The minute it comes in contact with dirt or grease it softens and dissolves it without the least rub or physical effort, so that it may be rinsed off with clear water, leaving the surface clean and spotless. It is not a soap nor a cleanser, in the general understanding of these terms. It is not a substitute, but superior in every way to any other cleaning agent we know of. It is a combination of natural deposits and harmless chemicals dependent upon a system of temperatures in its manufacture to produce it in its perfect state. It is non-poisonous, does not injure the hands. "MAB" is described more fully in the little booklet, "The Story of Mab," a copy of which may be had for the asking.

### BIG JOBBERS HANDLE "MAB"

"MAB" is sold and recommended by such big jobbers as John Scott & Sons Company, Ogden; Z. C. M. I. Utah Wholesale Grocery Company, Anderson-Taylor Company, Kahn Brothers, Gibson Commercial Company, Symms-Utah Grocery Company, Utah Wholesale Grocery Company, Provo; Idaho Wholesale Grocery Company, Pocatello; Oakes & Co., Boise; Falk & Co., Boise; Shelley-Erickson Company, Los Angeles; W. W. Copeland Company, Burlington, Iowa; Pacific International Company, Portland, Ore.; and many others.

### THESE SALT LAKE STORES SELL "MAB"

Z. C. M. I., Schramm-Johnson, Drugs; Auerbach Company, Horsley Bros., Hoskinson's 10 Stores, United Grocery, Metropolitan, Woolworth's, Salt Lake Hardware, Spencer Grocery, Druhl Drug, Lucas Stores, Salt Lake Paint & Glass Company, Keith-O'Brien's, Bennett Paint & Glass Company and many others.

### WHAT MAB DOES

WHEREVER dirt or grease collects, "MAB" is indicated. There is no need to rub and scrub painted woodwork or enameled surfaces, linoleums, floors, etc. You can throw away your scrubbing brush when "MAB" enters your home. The minute "MAB" comes in contact with dirt or grease, it instantly dissolves it, so that it can be rinsed off with clear water. The statement that "MAB" "takes the rub out of scrub" is not a mere advertising phrase—IT IS AN ACTUAL FACT. It takes the physical labor out of housecleaning, does it better, and the surface thus cleaned will stay bright and new much longer than when any other cleansing agent is used. Get the booklet, "The Story of Mab."

## Call for a Sample and the Story of "MAB"—It's Free

### A FINAL WORD

Bear in mind that this company is only incorporated for 150,000 shares. (Stock would be a good buy at \$1.00 per share with an incorporation of 1,000,000 shares.) Only 25,000 shares will be sold at this price. It will be snapped up quickly, because it stands above, and apart from, any other investment ever offered in Ogden. You will have to act quickly. If you can't buy a thousand dollars' worth, buy a hundred dollars. If that is too much buy \$25 worth, but buy it now. Subscriptions will be accepted for all cash or 25 per cent cash, balance in three equal monthly payments. We have no salesmen and no commissions to pay. Every dollar derived from this sale immediately goes into machinery and expansion. An investment in this stock we consider as safe as a Government Bond, and the returns sure, continuous and unlimited. Those who wait a week may wait too long. Don't let another day pass until you have investigated "MAB." See Mr. Lewis at Reed Hotel today.

### THIS IS OGDEN'S OPPORTUNITY

TO SHARE IN THE PROFITS OF THE MOST  
PROMISING INDUSTRY IN UTAH. SEE MR.  
LEWIS AT THE REED HOTEL TODAY.
